

REPORT OF ACTIVITIES CONDUCTED IN THE MONTH OF JULY

Red Colour Day- The students of Pre-Nursery celebrated 'Red Day' with great enthusiasm. Teachers and children were dressed up in red attire and the class was decorated with red objects. It was a great learning activity which helped the children to understand the concept of Primary Colour.

Sponge Squeezing Activity- Pre-Nursery & Nursery students took active part in the Sponge Squeezing Activity. The goal of this activity was to develop the coordination, strengthen hands and fingers, learn how a sponge works, and prepare the little ones for writing.

Pebble Counting Activity- The students of class Pre-Nursery participated in an activity on the recognition of numbers where they used flashcards and pebbles to count and recognize the numbers.

This activity helped the children to recognize the numbers and quantify them.

Sun Craft Activity-- Pre-Nursery students did a craft activity of making Sun using yellow paper and match sticks and pasted it in their scrap book. This activity was organized to boost our learner's creativity and imagination and also to enhance their eye-hand coordination and fine motor skills.

Paper Bag Making Activity-To boost creative and inventive skills in the students of class Nursery, a Paper Bag Making Activity was conducted. They made beautiful paper bags in different sizes which proved to be simple yet an intriguing activity. The fun-filled activity inspired young Rallians to contribute to Mother Nature by using paper bags and saying no to plastic bags.

Fruit Chaat Activity- This month Nursery children learned about fruits and to reinforce the concept, a 'Fruit Chaat Activity' was organized for our little Rallians. Children brought a variety of fruits and with the help of teachers, children made a healthy fruit chaat by, mixing different fruits, such as mango, strawberries, apples, bananas, and pears. Teachers explained the importance of eating fruits to remain strong and healthy. Children thoroughly enjoyed the activity.

Paper Boat Making Activity-The activity of making paper boats by the art of paper folding and pasting them in the scrapbook was done by Prep children. It helped in the development of fine motor skills and improvement of eye-hand coordination of the children. The activity was enjoyed thoroughly by the children.

Seed Germination Activity- 'Seed Germination Activity' was conducted for the students of Prep. It was a fun way for kids to view how seeds transform into plants right before their eyes. Planting seeds teaches children about responsibility as they learn to care for their plants daily.

Fun Science Activity- Our Prep students performed some fun science activities enthusiastically. They mixed substances and solutions and were surprised to see how the mixture led to change in colour. In the second experiment, they were eager to see how a candle flame is affected by placing a glass over it. These experiments were very knowledgeable and the children enjoyed it a lot.

Eating and Table Manners -Children must be trained to master the art of table etiquettes and practice good manners. Ralli International Kindergarten organized a session on Table manners and etiquettes for children of the Pre-Primary section on 29th & 30th July. Children brought poha, upma & cutlets for lunch. The kids were taught how to place mats on the table. They learned the correct way of setting the table mat and the placement of cutlery on it.

With such an awareness event, little ones have become more independent and able to eat on their own.
