

EXPERIENTIAL LEARNING ACTIVITIES CALENDAR

MONTH : SEPTEMBER

Classes I TO III

<u>SUBJECT</u>	<u>CLASS - I</u>	<u>CLASS - II</u>	<u>CLASS - III</u>
<u>English</u>	<p>Topic: Pronouns</p> <p>Activity: Pronoun Tree</p> <p>The kids will write the pronouns in the boxes hanging from the tree branch and will colour it.</p>	<p>Kindness notes</p> <p>In this activity students will paste 4 different notes in their notebooks and write some deeds of kindness on these notes which they follow. This activity will help the students to know how they can be kind to others because kindness is free so sprinkle it everywhere.</p>	<p>Topic: Degrees of Comparisons</p> <p>Activity: Degrees of Comparison Poster</p> <p>The students will draw/paste pictures of persons, places or objects showcasing the three forms of adjectives. (2-3 examples to be displayed) Students will frame and share the sentences using the three forms in the class as speaking activity.</p>
<u>Hindi</u>	<p>रगों के नाम - मेरा मनपसंद रंग:</p> <p>छात्र अपने मन पसंद रंग की किसी भी वस्तु का चित्र बनाएंगे रंग भरेंगे।</p> <p>ड या ड़ - शब्द चुनो (मौखिक) कक्षा में ड व ड़ से बने शब्दों की चर्चा की जाएगी और छात्र ड व ड़ के शब्दों को चुनकर अलग - अलग करेगा।</p>	<p>बीज का जन्म</p> <p>इस गतिविधि के अंतर्गत सभी विद्यार्थी बीज के जन्म की प्रक्रिया का चित्र बनाकर उसे क्रमानुसार लिखेंगे। इस गतिविधि के माध्यम से सभी विद्यार्थी बीज से पौधा बनने की प्रक्रिया को समझने में सक्षम होंगे। विद्यार्थियों को ज्ञात होगा कि बीज से पौधा बनने के लिए किन किन चीजों की आवश्यकता होती है।</p>	<p>उपविषय - विशेषण</p> <p>गतिविधि - 'मेरी विशेषताएँ'</p> <p>विद्यार्थी ए-4 शीट पर एक फूल का चित्र बनाएँगे, उसके बीच में अपनी पासपोर्ट साइज़ फोटो चिपकाकर फूल की पंखुड़ियों में अपनी पाँच-सात विशेषताएँ लिखेंगे।</p>

Math

Putting things together:-

Addition is a way of combining things and counting them together as one large group. To understand this better, the children will put things together and count them as a single group.

Bingo Ticket

To learn subtraction in a fun way, children will draw a Bingo Ticket in their notebooks with subtraction sums and will colour the boxes in the ticket as instructed by the teacher

Activity- Multiplication Model:

To show 'Multiplication is repeated addition.'

EVS

Germs are not for sharing-

By using black pepper powder and water students will learn how germs move away when fingers are dipped in it with and without handwash.

Role play on our helpers

To further enhance their knowledge, a 'RolePlay' activity will be organized in which the children will use tools of different helpers and introduce themselves. They will enact their roles with props like- Stethoscope, fire extinguisher etc.

Activity- Fun With Leaves

Children will collect any four different types of leaves from their garden or a park. They will trace the leaves and capture the information about them like their names, types of edges etc. on an A4 size sheet.
