

REPORT OF THE ACTIVITIES CONDUCTED IN THE MONTH OF DECEMBER

BUTTERFLY MAKING ACTIVITY- Butterfly making activity was done by Pre-Nursery students in the class. In this activity, students recognized different shapes and placed them on the book nicely to make a beautiful butterfly. It was a fun filled activity.

BUD PRINTING ACTIVITY- Children took an active part in earbud printing and had fun giving red colored dots to make the trophy picture look beautiful. It not only helped them to develop eye-hand coordination but also gave them a fresh feeling different from their monotonous routine.

COLOUR MATCHING ACTIVITY- Cloth pins are a great tool to work on finger and hand strengthening. It also helps in improving concentration and learning about colors. Pre-Nursery students matched the color with cloth pins and placed them on it. This activity also encouraged visual discrimination by matching.

CLAY MODELLING ACTIVITY- The touch and feel of clay have a naturally relaxing quality. Pre – Nursery students made the shapes like circles, squares, triangles, stars, and the rectangle with clay. The students used their imagination and creativity to make shapes from clay.

SPONGE PRINTING ACTIVITY- Sponge Printing is an easy art activity for kids. Using this simple stamping technique children did the colouring with blue paint on the whale. It was a wonderful sensory experience for them.

CANDY JAR ACTIVITY- Nursery students did this activity to understand the concept of empty and full. In this activity, they filled one of the jars with paper candies and another jar was to remain empty. All the students loved doing the activity.

FIND THE PICTURE ACTIVITY- This activity is a fun way to learn new vocabulary. Nursery children first identified the letter and then searched the pictures related to it. This activity helped in developing the ability to recognize letters and problem-solving skills.

NATURE WALK- Nursery students enjoyed the nature walk activity and got a hands-on exploration to discover the natural world, which in turn, would help them learn about their surroundings in the most interesting way possible. Students had fun exploring various plants, herbs, and shrubs in their school garden and learned particularly about the pomegranate trees. They walked around and expressed their excitement about everything they saw and heard.

SNAKES AND LADDER ACTIVITY- Playing games is a fun and motivating way to practice counting. Snakes & ladders board game develops counting abilities in children. This game has a number written on every space, from 0 to 100, which makes it ideal for learning to recognize numbers. This game enables children to use and understand these terms: forward, backward, before, after, next, and which way. Prep children rolled the dice and took steps according to the number. Sometimes they reached the ladder and sometimes landed on the longest snake and fell drastically. Overall, the students enjoyed it a lot.

ORIGAMI SHIRT-The paper folding craft is not only a fun-filled activity, but it also proved to be a valuable means to develop artistic skills and eye and hand coordination in the young ones. Ralli International Kindergarten conducted an origami activity for Prep sections on 20th December 2022. As the teacher demonstrated, children watched closely and listened carefully to the specific instructions and then transformed a flat sheet square of paper into a shirt through folding and displayed it with great pleasure.

NEW YEAR CARD MAKING ACTIVITY-Under the guidance of their teacher, Prep students made beautiful New Year cards with the help of vegetables and paint. They dipped vegetables like lady finger, bitter gourd & carrots in paint and created a beautiful picture. They presented this card to their grandparents and showed their love and affection.

NUMBER NAME ACTIVITY- Students of class Prep participated in Number Name Activity with great zeal. They recognized the number and matched it with the correct number name. This way they revised and recognized number names with the help of this activity.
