

# RALLI INTERNATIONAL SCHOOL

SESSION: 2021-22

## GLANCE ON EXPERIENTIAL LEARNING ACTIVITIES IN THE MONTH OF NOVEMBER

*Experiential learning activities for students are essential for academic and personal growth; they help young people internalize lessons designed to engage students through interactive, collaborative activities.*

# GRADE 9

## ENGLISH-

### MONOLOGUE BASED ON THE TOPIC: COMPASSIONATE BEHAVIOUR

Through this activity, students rendered their thoughts on the given topic and spoke out loud. They presented it in a focussed and expressive manner. They used this interesting potent tool and prevented the audience from getting bored. Students identified their talents and improved their communication and presentation skills.

# HINDI-

## क्रियाकलाप: चर्चा-परिचर्चा

इस गतिविधि के द्वारा चर्चा-परिचर्चा के दौरान विद्यार्थी भारतीय सामाज में व्याप्त छुआछूत की समस्या तथा वर्तमान समाज में छुआछूत की स्थिति में आए परिवर्तनों से अवगत हो सके | सभी विद्यार्थियों ने गतिविधि में उत्साहपूर्वक भाग लिया |

# CHEMISTRY-

## TOPIC: NAMING CEREMONY

The activity helped students to learn the formation of a chemical compound using one cation and anion. Students were also able to tell their atomicity and the name of the elements present in the given chemical compound. They participated in this learning activity in an exciting and interesting manner.

# **BIOLOGY-**

**TOPIC: CLASSIFICATION AND CAUSES OF DISEASES**

**ACTIVITY: YOU MAKE ME SICK**

**Students presented the common epidemic/ diseases through comic strips and video making. This activity enabled the learners to explore the prevalent diseases in the society. It made them aware about the common symptoms, their prevention and cure.**

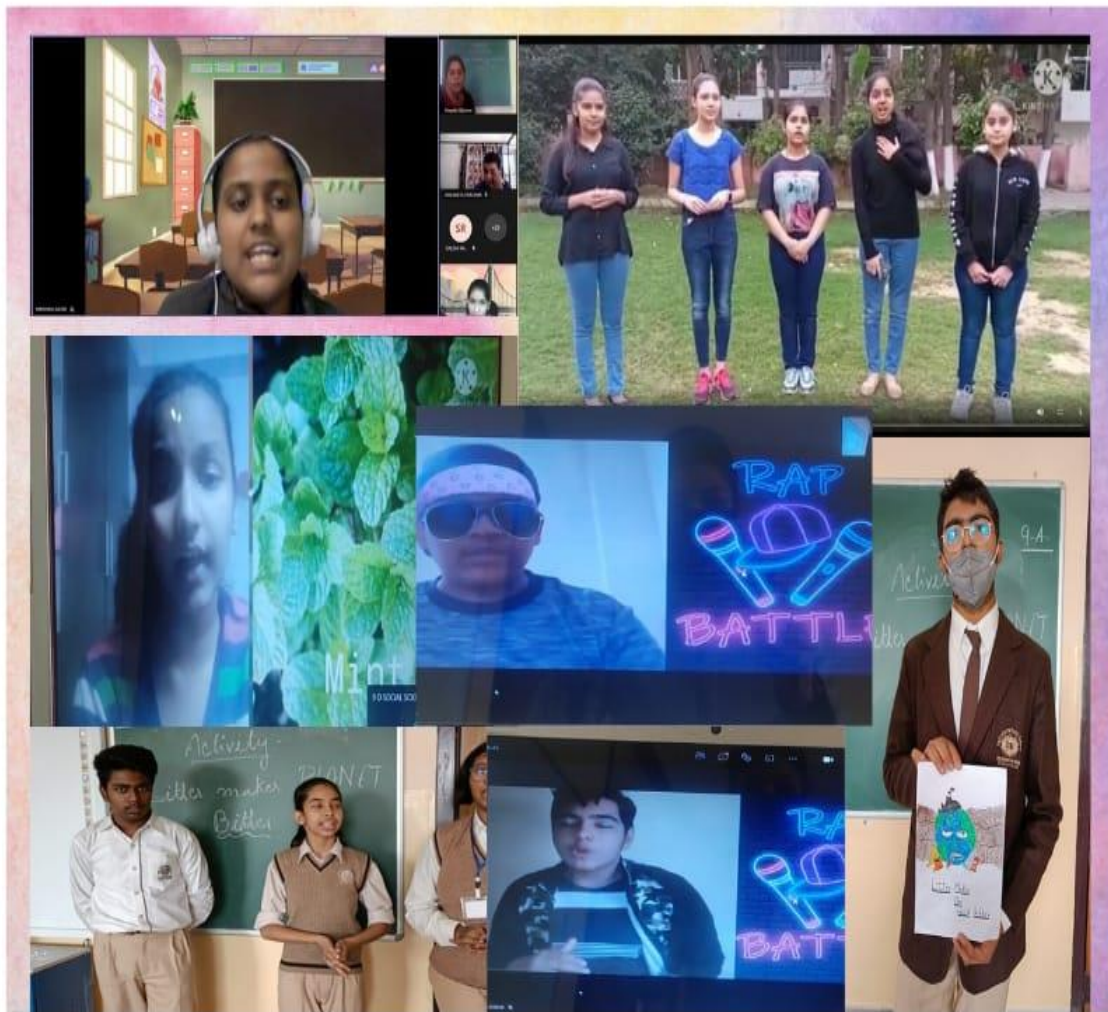

# SOCIAL SCIENCE

TOPIC: LITTER MAKES PLANET BITTER

ACTIVITY: ROLE PLAY, NUKKAD NATAK, VIDEOGRAPHY, PPT, SELF-COMPOSED POEM

Interesting and informative activities were held to motivate and draw attention towards the Natural Vegetation and Wildlife. Students showcased their talent amazingly with the help of video-graphic presentation. This activity generated excitement among the students and also made them aware of our environment.

# GRADE 11

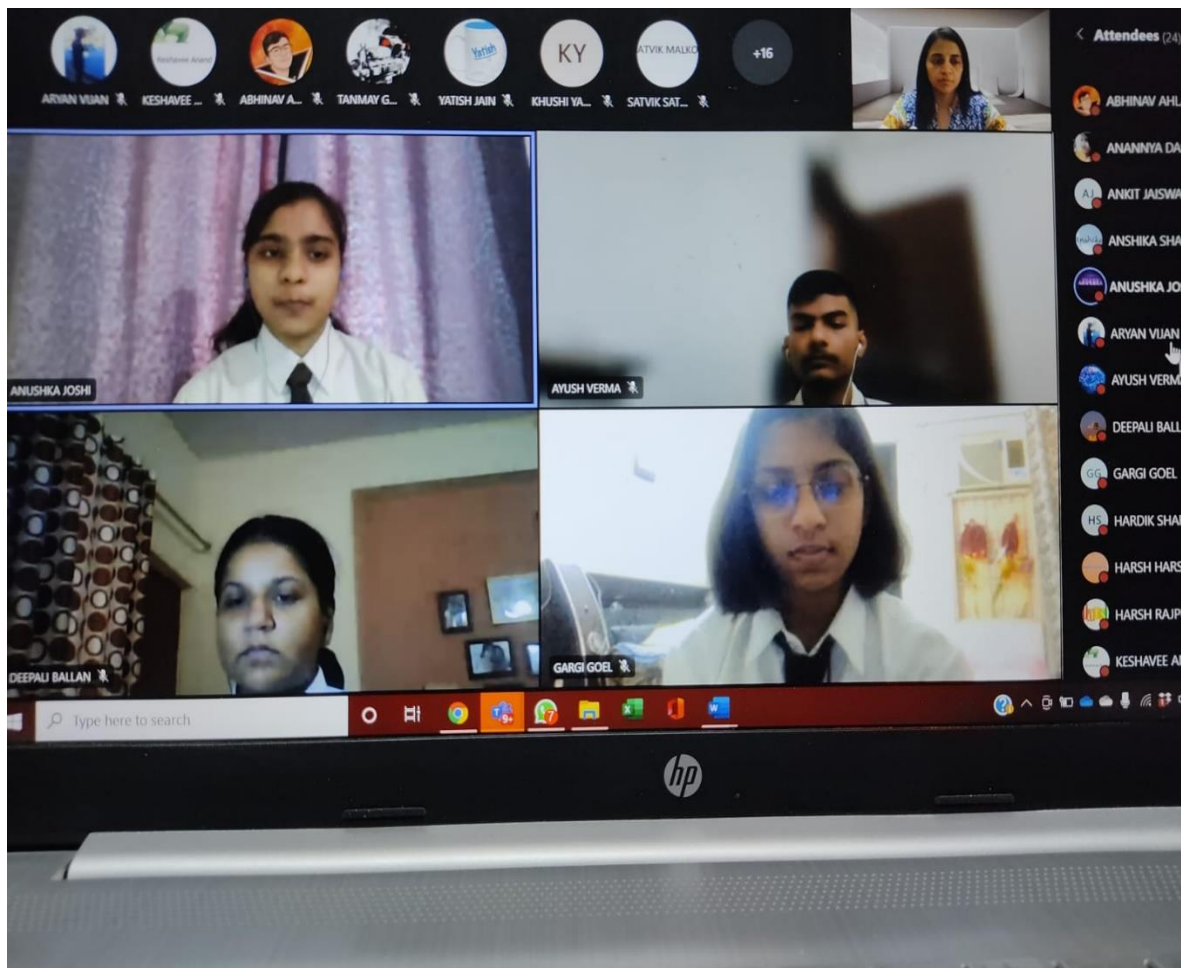

## ENGLISH

*“Well timed silence hath more eloquence than speech.”*

### TOPIC: GROUP DISCUSSION

Students participated in a Group Discussion based on the chapter ‘The Browning version’. The students shared their opinions and observations in an elaborated manner. They displayed and exhibited their speaking, analytical and critical thinking skills which astounded the audience.

## ACCOUNTANCY-

*“Accounting is the language of business. Only accountants can save the world through peace, goodwill and reconciliations.”*

### TOPIC: RECTIFICATION OF ERRORS

**ACTIVITY \*FIND THE CULPRIT\*** was held in the class. Students created a worksheet on their own which contained a transaction and two entries. Each worksheet contained five questions and was shared by the students. The incorrect entries were to be found within a specified time span. This activity was an enthralling experience for the students.

# ECONOMICS-

*“Economics is mostly how humans rationalize who gets what and why. It’s how we instantiate our preferences about status, privileges and power.”*

## ACTIVITY-ROLL A DICE

This fun activity helped the students in exploring and learning the concept of Mean, Mode and Median. Students actively participated and systematically presented their work in a graphical method. They combined their knowledge of Measures of Central tendency with real life experiences, and created their own questions and solutions. The activity was enjoyed by the students and the aim was achieved in a very apt manner.

# POLITICAL SCIENCE-

*“The method of political science is the interpretation of life, its instrument is insight, a nice understanding of subtle, unformulated conditions.”*

## ACTIVITY: DEBATE

### ELECTORAL LITERACY CLUB

### TOPIC: ONLY RESPONSIBLE VOTER CAN FORM A RESPONSIBLE GOVERNMENT

All the students actively and enthusiastically participated in the activity and expressed their views on Election procedure, conduction, duties and responsibilities. It enabled and assisted them in understanding the democratic system of the country as they are going to step forward as a responsible citizen of the nation.
