

## GLIMPSES OF THE ACTIVITIES CONDUCTED IN THE MONTH OF SEPTEMBER

### Picture Matching Activity

Alphabetic recognition is one of the very first skill children learn while they are beginning readers. The Alphabet is the building block of literacy. Nursery children learnt to recognize the letters, their sounds along with the vocabulary words with the picture matching activity.

### Clay Modelling Activity

Clay is one medium that promotes creativity. It is especially beneficial to kindergarteners as it helps in developing self-confidence, encourages self-expression, and develops problem-solving skills. Nursery students made different objects like bangles, carrots, circles, etc. with clay and learned finger & hand movement.

## Rainbow Craft Activity

Children love to learn about the weather because it is a big part of their natural world. The rainbow activity helped the children to see different colours present in the rainbow.

## Clipping and Pairing Activity

Fine motor skills are essential for children's physical strength and movements. These activities help them to work on fingers and hand strengthening and eye-hand coordination. Nursery children learned to pair similar objects and used cloth pins according to the number which helped them to learn gripping using fingers.

## Exploring Shapes

Learning shapes not only helps children identify and organize visual information; it also helps them to identify them in real life too. Keeping different shapes in mind Nursery students made teddy faces, photo frames, etc. With this activity, they learned to sort different shapes.

## World of Numbers

Nursery students learned various concepts of mathematics like Pre-Number concept full/empty, tall/short, counting, etc. in a fun and interactive way. Through this type of learning, students are able to improve counting and apply maths in real life.

## Fun Science Activity - Volcano

Prep students enjoyed making a volcano using everyday kitchen materials in the easy science experiment and became a 'Scientist for the Day'. It was a fun learning activity for the children.

## Origami Activity

Prep students participated in origami activity with great zeal and high spirits. The tiny tots were amazed to see the transformation of a flat sheet of paper into a finished swan through folding and sculpting. Budding stars created unique and exclusive shapes and structures to showcase their finesse in papercraft. This activity triggered their imagination and enhanced their creative skills.

## *Spray Painting Activity*

Students of class Prep took active part in Spray Painting Activity. Sprays are not only fun to play with but they are a great learning and art tool. It provides a creative outlet for fun. All the students came out with flying colors as they showed -off their paintings.

## *Shaping Minds with Clay*

On the occasion of Ganesh Chaturthi Clay Modelling Activity was conducted. Prep students learned how to make idols of Lord Ganesha. It was a great way to develop imagination and sparkle creativity to think out of the box.
