## SCHOOL INTERNSHIP & CAREER EXPOSURE PROGRAMME

*“Transforming financial  
data into smart  
investment decisions”*

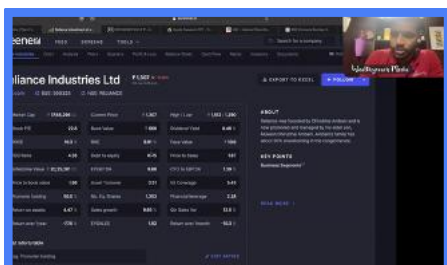

## INTERNSHIP OVERVIEW

The Financial Analyst Internship conducted by Global Consilient Research provided students with practical exposure to finance, financial analysis, investment concepts, and business evaluation through interactive sessions and real-world case studies.

Students learned to analyse balance sheets, income statements, cash flow statements, financial ratios, market capitalization, company valuation, budgeting, and investment strategies. The programme enhanced analytical thinking, financial literacy, and decision-making skills while connecting classroom learning with real-world financial practices.
